Our Dead Chief Once more this paper bears the record of the death of its editor. In the month of April 1877 two gallant young men, **T.B. Marshall** a native of Salem Ill. but lately from Fort Worth, and **George G. Baggerly**, a Texas boy born in Tyler, Smith county came to this place and started the Weatherford Exponent. **Mr.**

Palo Pinto and Parker County Texas Deaths Before 1900

Marshall was the editor in chief and **Mr. Baggerly** was his assistant. The new craft, thus launched upon the troubled sea of publication, sailed well and the hearts of these brave young pilots beat high with hope. The paper was a favorite from the first day of issue.

Nine short months flew by; the new year of 1878 had just opened up on career of the Exponent, when **T.B. Marshall** was dead. Death had come in the shape of typhoid pneumonia, and claimed its victim. The hand of the master was no longer on the helm but the craft was not left for a moment unguided. **George Baggerly** stepped instantly into the responsible leadership of the paper sadly draped it black for his dead chief, and then with brave heart and noble purpose sailed on.

It required no small degree of courage, for a young man, only twenty one years of age, to take on the burdens of editing a paper, but George had been bred a printer. When a mere lad he entered the office of the Index, published in his native town of Tyler, and his fond brother still shows weepingly the most excellent recommendation which the publisher of that paper gave him when he came away.

He was not the fool who rushes in where angels fear to tread, as some flung themselves into the editorial chair, but knowing the difficulties and dangers which beset the position he faced them all with firm resolve and cool determination. **George Baggerly** brought to his new position that energy and ability which belong only to a self made man. Whatever of culture he possessed he had gained for himself. No fortune had been spent on his education; and it is surprising to see how well he succeeded in the literary department of his labors.

All his selections for the paper were in good taste, or made up in force and directness what they lacked in tone.

The style of his own composition was terse, direct and above all humorous. His humor was that of kindly, soliciting sort which wins the popular heart and disarms just criticism.

His nature was generous and convivial to a fault; and those who knew him best loved him best, and only mourned that he was not as kind to himself as to others. God gave peace to his soul.

His family desire to express their deep gratitude to the members of the Christian church who so faithfully and tenderly nursed **Mr. Baggerly** through his long illness; and also to the multitude of friends who so frequently tendered their services and so promptly rendered them when called for.

To the members of the Knights of Honor in this city, they give warmest thanks for all their unostentatious kindness, and sympathy and especially for the beautiful ceremony of burial with which they laid the dead Brother to rest.

And last, they will ever remember with affection the donors of the beautiful floral tributes which almost made death lovely. The cross of affliction almost lost its tenor when represented by the _____ of exquisite flowers which lay upon the coffin; the wreath which lay on his bosom, sweetly symbolized that crown which the faith of the weakest may gain through the Savior; and the cluster of flowers led the sorrowing mourners to think of that happy Easter morn when all the loved one and lost who have gone before shall be restored to our longing hearts.

These kindly attentions, these loving ministrations of friends, form a silver lining to the dark cloud of affliction which has settled over the bereaved family.

H.D. Bantau **H. D. Bantau** departed this life near Weatherford, Texas, on the 10th of August in the 68th year of his life. **Elder Bantau** was born in 1821, commenced preaching when about eighteen years old and was ordained in the ministry before he was twenty-one. He was a native of Tennessee and preached in that state, Kentucky, Illinois, Indiana, Missouri, Alabama, Mississippi and Arkansas before he moved to Texas. A portion of 1858 and '59 he and **Elder Reese Jones** edited and published the *Gospel Herald* in Manchester, Tenn. In 1866 he published the *Herald of Truth* in Desoto, Ill. In '68 he returned to Tennessee and preached in Union City and vicinity till the year 1870 when his health was so much impaired, that by advice of physicians he moved to Texas.

When he reached New Orleans he had such severe hemorrhages from his lungs, his life was despaired of. He settled in Waco in 1870 and preached there one year. The next year he divided his labors between Waco and White Rock.

In 1872 he purchased the Thorp Springs school property, now know as "Add Ran College" and was principal of the school one year, when it passed into the hands of the Clark brothers.

He then bought a farm nine miles north of Cleburne and spent three years farming and preaching.

In 1876 he sold his farm and moved to Palo Pinto county. In 1877 he was called by the church in Weatherford to labor for them, and from that time till his death his work has been in this neighborhood.

His services have been highly appreciated and many can truly testify, that they have been abundantly blessed by his labors.

He had one debate with a Baptist preacher and about thirty persons—most of them Baptists, joined the church of Christ in a short time.

In 1850 Bro. Bantau married Miss **Mary Walker** and eight children were born to them. Some of them crossed the river before him, but sister Bantau and five children linger behind to suffer the bereavement.

Elder B. was sound on all the innovations that curse the churches, but his kind and respectful manner, made him warm friends in all classes. During his last days he was visited and cared for by a large number of friends, who did all they could to alleviate his sufferings.

Before his departure he could have said truly. "I have fought a good fight, I have kept the faith and now I am ready to be offered up and the time of my departure is at hand and from henceforth a crown of righteousness is laid up for me by the Lord, the righteous judge, and not for me only, but for all them also who love his appearing."

"I heard a voice from heaven saying, blessed are the dead that die in the Lord from henceforth; yea, saith the spirit, they rest from their labors and their works do follow them."

"As David said of Abner, a prince and a great man has fallen in Israel."

Bro. Bantau's spirit has taken its flight from this world and through death he yet lives. **B.A. Howard** 12 Sept 1888 Gospel Advocate

Palo Pinto and Parker County Texas Deaths Before 1900

formally connected with the church on earth, we feel assured that she was a member of the church triumphant a member of Christ's body.

For, in many ways, she manifested the spirit of a true believer in Jesus. Those who knew her intimately, testify that her life, latterly, was that of a Christian. She was naturally timid, and very reserved with regard to her thoughts and feelings on the subject of religion, but in answer to a friend who asked her, a few weeks ago, if she could not trust Jesus, she said: "yes, I can trust Him, but I cannot trust myself."

She could and did trust in Jesus as her Savior and she trusted in Him only and that is just what is required of a should in order to be saved.

She loved her Bible, she loved her house and worship of God, she loved God's people; and these are the Bible evidences of a "a new creature in Christ Jesus", She read the word of God devotionally every night before retiring and no doubt also secretly committed her soul to God and sought his blessing both for herself and her family. In Memoriam Died, December 18, 1895 at the residence of her brother, **Col. John A. Fain**, of this city, **Mrs. Martha A Cain**, after a lingering illness.

She was born in Alabama, in 1836, but removed with her parents to Texas, at an early age, and was married to **Wm. T. Cain** in Harris county, in 1860. In 1857 she removed to Weatherford, in which vicinity she has since resided.

Her death was a happy release from pain, for she had been a great sufferer for many months. She was a devoted Christian, and had been a consistent member of the M.E. Church, South, since her early womanhood. The Bible was her constant study, and it lay by her side in her hours of suffering; and from its teachings sprang her utter resignation to God's will. Her spiritual nature never rebelled, and although the hand of affliction touched her heavily, she bore all with a patience beyond expression. She often said, "He is with me always: He doeth all things well." She was a faithful wife and mother, and her generous nature made her truly a sympathetic friend.

Loving and tender hands ministered to her wants throughout her long illness; and during the last sad days, her faithful nurse, Violet, watched over her helplessness as tenderly as a mother over her suffering babe. She leaves a daughter and three sons, and a large circle of relatives to mourn her loss. For her absent loved ones, her last message was "Tell them all to meet me in heaven." As the evening shadows gathered o'er the earth, her pure and gentle spirit drifted away into God's own land—for "when her Father smiled and called her yonder: she gladly and trustfully went to receive the reward of those who "have gone up through great tribulations." Drowned by His Horse Weatherford Feb 18 **L.G. Coffman**, a farmer and cattle dealer of this county, while riding in the direction of the Brazos river Wednesday, ten miles south of here, his horse became unruly and started in a run toward the river. Reaching the river, he plunged in with Mr. Coffman still in the saddle, and going under the water several times, Coffman lost his hold and was drowned. His remains have not been taken from the river. Two young ladies sitting on the bank of the river fishing saw the horse run into the river, and saw the man after he had lost hold of the horse struggling for his life, but they were unable to give him any aid. Dry Creek Dots In my last letter I spoke of the confession and baptism of brother **Corbett** at the age of 84 years and 4 months. Just two weeks later (Jul 18) he was laid in the narrow confines of the bomb, there to rest from his labors until the last loud sound of the trumpet shall call him forth to that home prepared for those who die in the Lord. Grandpa was well known by a great many people and leaves a host of relatives and friends to mourn his absence but we weep not at those who have no hope. We tender our deep sympathy to the bereaved family May God bless them in their sadness. Exponent 26 Jul 1879

In Memorium Hiram Mason Crisenberry The subject of this sketch was born in Alabama in August 1828 and lived in that state and Tennessee and Mississippi alternately until he was eleven years of age. When he had passed his tenth year had decided to come to Texas. He crossed the Sabine River on the 27th of December 1830, becoming acquainted with Sam Houston and almost everybody else in Texas, including some Indians who often decided to take his scalp but as often failed in the attempt. He carried the first mail from San Augustine to Marshall and voted for Houston for president of the republic and later for governor of Texas. In 1852 he decided to go further west and visited California, Mexico, Bermuda, Panama and about all over the world. He learned to stick type when a boy and has followed the trade nearly ever since, was a member of the typographical union and always honored and respected by the profession. He was also at one time a member of the Masonic and Odd Fellows orders. On last Sunday the 26th inst. at Waco, Texas, he breathed his last. The sun of his life has set. His "forms are all locked up" for the last time, his "record is printed." May his name appear in "clean proof" in the Lamb's Book of Life. May roses bloom upon his grave and sweet birds sing amid the

leaves of the trees that shall shadow his sleeping dust. His wife and two children, **Mrs. N.T. Ferguson**, of Foard county, Texas and **Mrs. R.J. Norton** survive him. WD 30 May 1895

W.B. His remains were accompanied to his former home, Springfield, Mo. by his devoted wife, and aged father, and his wife's sister and brother and **H. N. Bradshaw**, Eqs. Peace to his ashes.

The subject of the above paragraph was well known to the citizens of this county and the kind readers of the Exponent will bear in mind that his faults, whatever they may have been, are to be remembered by us no more forever but rather let us pay the last tribute of respect to his memory by magnifying his virtues. That he was ___ no one will deny, admitted by all so he a shrewd businessman, knew he was of [more but too difficult to read] Exponent 23 Oct 879

Died In Palo Pinto, on Thursday night September 20th 1891, after a lingering illness of nearly two months, little **Percy Torney**, infant son of **Mr. and Mrs. J.L. Cunningham**, aged 11 months and 4 days.

Another bud of bright promise has been plucked and transplanted in the vineyard of the New Jerusalem, and a mother's heart is made to bleed from the loss of her little darling. No one knows but a parent who has gone through the ordeal, what the pangs of suffering the heart aches, the terrible ordeal of the final parting and how heavily the clods fall upon the coffin lid that forever shuts us from the form that was so dear. We would not have them back again to endure the sickness and trouble of this world. We are willing for them to go and be happy in the bright beyond, but all that is natural in the parent resents the taking away. The bereaved family has the sincere sympathy of a large circle of friends. Palo Pinto County Star Sep 28 1894
